

STATE VETERANS HOME PROGRAM

A COMPARISON BETWEEN
THE CMS SURVEY & VA SURVEY
FOR SKILLED NURSING FACILITIES

This document represents a comparison between the current CMS inspection survey and the VA inspection survey for State Veterans Homes.

1. Pages 2 – 6 represent an overview of the Clinical Standards being reviewed during an inspection survey.

It should be noted that there are over 200 clinical standards reviewed. All standards are addressed by the CMS and VA surveys.

2. Pages 7-8 represent an overview of the Fire & Life Safety Standards being reviewed during an inspection survey.

The CMS & VA inspection survey follow the same standards as outlined in the National Fire Protection Association (NFPA) Life Safety Codes and Standards.

3. Pages 9-16 represent an overview of the Financial Review.

A Fiscal Audit is only conducted during the VA inspection survey. There are no equivalent standards within the CMS inspection survey.

STATE VETERANS HOME PROGRAM

Comparison of the CMS Survey Versus VA Survey

For Skilled Nursing Facilities

Final Notations:

- The VA Survey is the preferred survey because it is more comprehensive of the needs of the veteran population.
- State Veterans Homes provide skilled nursing care, domiciliary care and adult day health care. The VA reviews all 3 programs. CMS limits their review specifically to skilled nursing facilities.
- The VA Survey has a fiscal component as part of their review. CMS does not perform a fiscal review.
